Ordinances on Public Hearing, Second Reading and Final Passage.

Temporary President Carrino called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

Ordinance establishing a First Source Employment Linkage Program to facilitate and encourage private sector employment opportunities for Newark residents.

WHEREAS, according to the New Jersey Department of Labor, the City of Newark had a 1998 annual average unemployment rate of 9.6%, more than double the 1998 national unemployment rate of 4.5%, and

WHEREAS the City of Newark has a compelling governmental interest in reducing this high rate of unemployment; and

WHEREAS the City of Newark desires to foster partnerships with new and existing businesses to generate job opportunities for Newark residents; and

WHEREAS the City of Newark grants economic incentives for businesses to remain in or relocate to Newark and the City of Newark also awards many contracts to private firms to provide services to the public and to City Government; and

WHEREAS the Municipal Council of the City of Newark finds that requiring the recipients of such incentives and contracts to make a good faith effort to hire qualified Newark residents will help to alleviate the City's high rate of unemployment:

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT:

Section 1. The Municipal Council does hereby establish a First Source Employment Linkage Program to facilitate and encourage private sector employment opportunities to qualified Newark residents by requiring the Recipient of any Economic Incentive to execute a First Source Agreement and make a good faith effort to hire qualified Newark residents for all long term jobs.

Section 2.

1) The Newark Department of Economic and Housing Development ("NDEC") and the Mayor's Office Of Employment Training ("MOET") shall serve as intermediary between the business community and a network of service providers, job training agencies and educational institutions to best maximize the socio-economic potential of this agreement.

2) MOET shall attempt to evenly distribute job referrals amongst the network of service providers, job training agencies and educational institutions. This effort is to ensure that the city as a whole is able to benefit from this First Source program. The network of service providers, job training agencies and educational institutions shall refer to MOET only qualified individuals that reside in the City of Newark.

3) MOET shall send semi-annual reports to the Administration and Municipal Council outlining: how many individuals were referred by MOET to be interviewed during that particular semi-annual period; how many individuals referred by MOET were hired during that particular semi-annual period; the dates of termination of any individual referred by MOET that was hired and the length of each individual's employment; if applicable, from which service provider, job training agency or educational institution the hired individuals were referred to MOET; which ward the hired individuals reside in; and the wages and benefits received by the hired individuals. If a lack of Good Faith has been demonstrated on the part of any Recipient, this shall also be included in the reports. MOET shall also include recommendations and suggestions about how this employment linkage program could be improved.

Section 3.

Definitions:

"First Source Agreement" is defined as a binding agreement between the City and any Recipient of an Economic Incentive, wherein the Recipient agrees to make a Good Faith Effort to hire qualified individuals who reside in the city of Newark. The form of the Agreement shall be substantially the same as the Agreement attached to this Ordinance as Schedule "A".

"Long Term Job" is defined as those positions 90 days or more in duration. Positions created as a result of internal promotions, terminations, or expansions within the Recipient's work force which are to be filled by new employees are included. However, positions filled through promotion from within the Recipient's existing work force are not covered positions under this agreement.

"City of Newark" includes its employees, agents and assignees.

"Recipient" is defined as any individual, partnership, association, organization, for-profit corporation or other entity, whether public or private, which receives an Economic Incentive. This includes any contractor, sub-contractor or agent of the Recipient.

"Economic Incentive" is defined as any of the following economic benefits approved by the Municipal Council for a Recipient:

- (i) a tax abatement or exemption for a property which reduces the cumulative amount of taxes otherwise due by \$25,000.00 or more;
- (ii) any federal, state, county or municipal grant or loan of \$25,000.00 or more;
- (iii) City property which is conveyed at a private sale for no or nominal consideration, which has an actual fair market value of \$25,000.00 or more; and/or
- (iv) a City contract for services over \$100,000.

"Exclusivity Period" is defined as the period of time commencing with the Pre-Hiring Notification of MOET by the Recipient during which time the Recipient may not take any actions to fill a position, including but not limited to advertising, announcing, recruiting, or interviewing. The length of the exclusivity period shall be determined by MOET after consultation with the Recipient, but in no event shall be less than fifteen (15) days.

"Good Faith Effort" includes but is not limited to all of the following activities:

- (i) **Pre-Hiring Notification and Exclusivity Period:** At least fifteen (15) days prior to advertising for any employees, the Recipient shall submit to MOET a written notice of the number and qualifications of the prospective employees needed for any long term job, as well as a description of the job to be filled. This description shall include the work hours, wage scale, benefits, and hiring schedule of the positions. This will enable MOET to refer qualified applicants to the Recipient. During this period, the Recipient shall adhere to the above requirements of the Exclusivity Period. If any of the information submitted to MOET relating to the number or qualifications of prospective employees or the description of the job to be filled is modified, the Recipient shall re-file a Pre-Hiring Notification and the Exclusivity Period shall re-commence. For positions not covered by this Agreement, the Recipient may notify MOET when such positions become available so MOET can notify the community that such opportunities exist.
- (ii) **Mandatory Contract Provisions:** All contracts entered into by the Recipient or the Recipient's contractor shall be required to comply with this Ordinance and the Agreement executed thereunder. The Recipient will require the contractor or subcontractor, regardless of tier, to complete and provide MOET with a statement that it will comply with this Ordinance and the Agreement executed thereunder.
- (iii) **Collective Bargaining Agreement:** The Recipient will cause the contractor to submit to MOET copies of any collective bargaining agreements covering workers to be employed including any collective bargaining agreements of any subcontractor.
- (iv) **Pre-Hiring Interviews:** The Recipient shall interview any applicants referred to it by MOET.
- (v) **Semi-Annual Reports:** The Recipient will submit written semi-annual employment reports to MOET in the form to be provided by MOET. If the Recipient failed to fill any position with any qualified applicant referred by MOET, the report will include the reasons why.
- (vi) **Other Reports:** The Recipient shall furnish such other reports as are reasonably required by MOET to implement the purposes of the Agreement.
- (vii) **Record Access:** The Recipient will insure that MOET will have reasonable access to all files and records reasonably necessary to confirm the accuracy of the information set forth in the reports, including but not limited to records of employment and employment advertisement, application forms and EEO-I forms.
- (viii) **Work Place Access:** The Recipient shall insure that MOET has reasonable access to the project site to physically monitor the work site to verify the accuracy of the information set forth in the reports.

October 4, 2000

Section 4. Prior to implementation of this First Source Employment Linkage Program, MOET must prepare and present to the Municipal Council a strategy as to how it will serve as intermediary between the business community and the service providers, job training agencies and educational institutions. This strategy should include:

- 1) Creating an efficient network to identify qualified job recipients between MOET and the network of service providers, job training agencies, and educational institutions, including but not limited to those entities listed on the attached Schedule "B".
- 2) Creating all necessary documents to ensure compliance on the part of any Recipient. At a minimum, these documents will detail the names, addresses, social security numbers, dates of hire/termination, wages, benefits and positions hired, for all new hires and terminations during each semi-annual period.
- 3) Designing a plan to educate employers about the First Source Job Linkage Program and the system described above.

Section 5. Damages: Because damages will not be capable of determination with any reasonable degree of certainty, the City will be entitled to liquidated damages from the Recipient in the amount of \$25,000 for every worker hired where the Recipient failed to make a Good Faith Effort to hire qualified individuals who reside in the city of Newark as outlined above. The City reserves any other remedies it may have at law or equity, including but not limited to the termination of any Economic Incentives (such as the recalling of loans, repealing of tax abatements or canceling of contracts), if appropriate, for a material breach of the Recipient's obligation to make a Good Faith Effort to hire qualified individuals who reside in the city of Newark as outlined above. This Section relating to Damages is subject to the written default notice provisions and expiration of a period to correct any violations, as set forth in the First Source Agreement to be entered into by the Recipient.

Section 6. All prior ordinances or parts thereof inconsistent herewith are hereby repealed.

Section 7. This ordinance shall take effect 90 days after final passage and publication in accordance with the Laws of the State of New Jersey.

Section 8. If this Ordinance conflicts with any federal or state laws or regulations, the laws or regulations shall prevail. This Ordinance shall not confer upon the City of Newark any power not otherwise provided by law to determine the legality of any collective bargaining agreement or to regulate any collective bargaining process.

Section 9. Should any clause, sentence, paragraph or part of this Ordinance, or the application thereof to any person or circumstance, be found by a court of competent jurisdiction to be invalid, the remainder of this Ordinance shall remain in full force and effect.

STATEMENT

This ordinance establishes a First Source Employment Linkage Program to facilitate and encourage private sector employment opportunities for Newark residents.

October 4, 2000

Temporary President Carrino called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. RICHARD CAMMARIERI, 279 DELAVAN AVENUE, NEWARK, NEW JERSEY 07104 addressed the Members of the Municipal Council first thanking them for passing this ordinance on first reading last month. Mr. Cammarieri stated that this ordinance will require businesses that are coming into Newark and receiving benefits to use Newark residents as their first source for employment interviews and applications. It does not require them to hire Newark residents but will require them to go to a pool of Newark resident applicants first which allows a fair share back to the City and there is a monitoring mechanism in place to ensure that this processing is done. The speaker also stated that this ordinance is very important to improve the quality of life in Newark.

Council Member Bridgeforth, through the Chair, questioned Mr. Cammarieri about the financial re-numeration that will be provided to employers and questioned what he considered as the major issues most company's have with hiring Newark residents?

Mr. Cammarieri stated that upon companies entering Newark they will receive tax benefits and will be required to use Newark residents as their interviewees first and that there is no re-numeration exchange. Mr. Cammarieri stated that the major oppositions with businesses hiring Newark residents is the large amount of paperwork involved, specifically the semiannual business report.

Council Member Booker, through the Chair, stated that this type of first source employment is successfully running in other cities.

Council Member Chaneyfield Jenkins, through the Chair, stated that most of the money being contributed to this program should be placed on the educational and training side.

Council Member Walker, through the Chair, expressed concerns for issues like enforcement of the first source program on businesses.

Temporary President Carrino directed the City Clerk to invite Mr. Cammarieri to meet with the Municipal Council at its October 11, 2000 special meeting.

MS. CAROL JOHNSON, 89 ALYEA STREET, NEWARK, NEW JERSEY addressed the Members of the Municipal Council stating that she is in support of this ordinance and stressed the importance of jobs for Newarkers.

MR. ADAM ZIPKIN, 71 GARDEN STREET, NEWARK, NEW JERSEY addressed the Members of the Municipal Council stating that this ordinance is important and studies have shown that it is who you know and access to information is essential for improved training for residents.

Temporary President Carrino directed the City Clerk to invite Mr. Zipkin to meet with the Municipal Council at its October 11, 2000 special meeting.

MS. DONNA JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY stated that City Council is not taking advantage of programs already available to Newark minority residents. Ms. Jackson stated that most of the working people in Newark are not Newark residents and Newark residents are not getting the jobs available to them.

Council Member Bridgeforth stated that the quality of the homes being built in Newark now are of bad quality and that it is hard to get developers to built in the West Ward.

October 4, 2000

MR. LEROY MACK, 61 YANCY DRIVE, NEWARK, NEW JERSEY addressed the Members of the Municipal Council stating that employee benefits are often eliminated from entry level jobs in Newark.
